

AMENDMENTS TO THE SPECIFICATION

Please amend the paragraph beginning on page 5, line 15, as follows:

--The drawings included herein provide a further understanding of the invention. A brief description of the drawings, which are given by way of illustration only, and thus are not limitative of the present invention, is as follows:--

Please amend the paragraph beginning on page 6, line 9, as follows:

-- FIG. 1 through FIG. 4 illustrate a drawer for a digital data storage device according to one embodiment of the invention. A drawer for a digital data storage device 1 of the invention is suitable for use in an electronic device to electrically connect a digital data storage device to the electronic device for data transmission. The drawer includes a drawer body 11 and two vibration absorption members ~~11~~ 13 which are detachably mounted on either side of the drawer body 11.--
